

# Prepare for storm season **now.**

Get **50%** off installation. **Act now.**

**Storm season brings more lightning strikes** – and more risk to your valuable appliances and electronics. **Protect them now and save 50 percent off our regular installation price.**

Our service offers superior protection by combining two levels of advanced surge-stopping technology.

- First, the meter-base protector diverts large surges before they enter your home.
- Next, optional plug-in devices protect individual electronics for an important second line of defense.

	Meter-Base Protector <i>Required</i>	Plug-In Protectors <i>Optional</i>
<i>How it works</i>	Installed behind your meter to divert the largest surges away from your home	Plugged into individual outlets to protect any connected device
<i>What it protects</i>	Large appliances, fridge, freezer, HVAC	Electronics, TVs, computers
<i>Cost</i>	\$5.95/month* plus one-time installation fee: <del>\$44.95</del> <b>NOW just \$22.48**</b>	One-time purchase price of \$79*

\*Excludes all applicable taxes. \*\* Offer good until May 15.

## Be ready for storm season.

To sign up for Surge Protection call **1.866.548.3419** (mention promo code 112014).

A complete description of the terms and conditions of the Surge Protection Program, including aggregate liability limits, is contained in the service contract, a copy of which is sent to all new subscribers. Please read the terms and conditions carefully. Customers who purchase it will not receive preferential or special treatment from their utility company, and customers are not required to buy it in order to receive safe, reliable electric service.
